‘The Therapist’, abbreviated as ‘TT’ is an official journal of ‘Lahore Medical Research Center’ (LMRC), LLP. We are pleased to announce the launch of this journal of therapies and rehabilitation sciences including physical therapy, stem cell therapy, speech therapy, psychotherapy, cognitive-behavioral therapy, radiotherapy, dialectal behavior therapy, Eye movement desensitization and reprocessing therapy, Mentalization-based therapy, animal-assisted therapy, emotion focused therapy, family therapy, group therapy, mind-fulness-based therapy, virtual therapy, exposure therapy, interpersonal therapy, diet therapy, virtual therapy, hydrotherapy, heat therapy are among the few.

Mission of this journal is to publish the studies in the above areas and relevant disciplines. These researches will be of great significance and may contribute to the awareness and understanding of the impact of different therapies on human health improvement. To our knowledge this is the first journal with this unique scope. Studies related to these topics are most welcome from national and international authors. It will help all of us to work as global team to do something for the betterment of ailing humanity and share ideas for this noble cause.
